EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Eric LaMorte on 01/07/05.

The application has been amended as follows:

In claim 1, line 6, the phrase "a leaf spring" has been deleted and the phrase -- one of said leaf springs -- has been inserted.

In claim 15, line 7, the phrase "one leaf spring" has been deleted and the phrase -- one of said leaf springs -- has been inserted.

In claim 10, line 2, the word "rolling" has been deleted and the word -- bending - has been inserted.

In claim 11, line 2, the word "rolling" has been deleted and the word -- bending - has been inserted.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: The reference character 48 will be shown in the figures. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

disposed around a central axis, a connector mechanism having two components that temporarily connect when brought into abutment and each of the components disposed along the central axis; however, the prior art fails to teach or suggest a plurality of leaf springs disposed within said generally spherical body, wherein at least one of said leaf springs is disposed along each of said arcuate sections, said leaf springs providing a spring bias that resists compression and causes said arcuate sections to return to a generally spherical shape when said components of said connector mechanism disconnect..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
